U. of T. Gets $11 Million Grant From Ontario Gov't

Education Described As Ontario's "Most Important Problem"

TORONTO, FEB. 28 (CUP) — University of Toronto is slated to get over $11 million from the Ontario provincial government this year.

A boost of nearly $2 million over last year's appropriation of $7,600,000 goes to U. of T. for purposes of capital and general maintenance.

Additional Estimates

Additional estimates include $1 million for Toronto's new dental building, $645,000 for the Ontario College of Education, and $100,000 for the Royal Ontario Museum.

This is to be compared with the grant of $900,000 which McGill received from the Provincial Government for the school year 1957-1958.

In a recent budget speech to the Ontario Legislature, Premier Frost described education as "Ontario's most important and absorbing problem".

Appropriations to all Ontario universities will be substantially increased this year and University grants total $23.2 million.

Mr. Frost estimated that as many as 2,000 would benefit from a plan to establish a $3 million student loan fund. He also said that Dominion and Dominion-Provincial bursaries will be increased.

The Ryerson Institute of Technology will receive $1.5 million this year for expansion purposes and McMaster has received a special $1 million grant for the construction of a new engineering building.

Toronto's lump appropriation adds up to $6,532,000 for maintenance, as against $5,800,000 for last year and $3 million for capital expenditure as against $1,800,000 last year.

Including grants to all affiliated colleges, Toronto's appropriation totals $11,277,000. This marks an increase of over $5 million.

Financial Grants

Other grants include: Queen's University, $1,925,000; University of Western Ontario, $1,925,000; McMaster University, $1,650,000; University of Ottawa, $1,450,000; Carleton University, $1,325,000; Assumption University for Essex College, $1.2 million; Waterloo College, $1,150,000; Lakehead College, $100,000; Ontario College of Art, $175,000; special grant for Archaeological Research, $10,000.

Financial support to university students has also been pledged by Ontario Education Minister Dunlop. In a letter to the president of the U of T Students' Administrative Council, Mr. Dunlop said: "You will find I am quite sure that the government of Ontario will render greatly increased financial assistance to university students". The letter was in reply to a brief on financial aid to students sent to Mr. Dunlop by the S.A.C.

Panel Discusses Backward Lands

"You can't say to a man, 'Thou shalt not steal' if he hasn't got enough to eat". This is one of the problems encountered by missionaries in underdeveloped countries, as explained by the Rev. Eldon Davis. Rev. Davis was one of the members of a panel discussing "World Opportunities, 1958" yesterday in the Union.

Economist Speaks

K. J. Charles, an Economics student currently writing his Ph. D. thesis, spoke of the economics of underdevelopment with relation to the big powers. He debunked the popular fallacy that economic expansion of underdeveloped countries poses a threat to the large powers. In fact, he said, the reverse is true, since once the backward nation is able to break through the "barrier of stagnation", it becomes a new market.

Geography Society Planned At McGill

McGill has for long been without a Geographical Society. A movement is at present afoot to remedy the situation. The object of the Society would be to enable all those students interested in Geography, both graduate and undergraduate, to meet informally and to exchange their views on the subject.

It is also hoped that professors and geographers visiting Montreal will attend some of the meetings of the society. All those interested are cordially invited to attend the first "get-together" on Tuesday, March 4th, at 8 pm, on the top floor of the Arctic Institute of North America. (corner of Milton and University).

Casting Completed For 'Playboy' Roles

The final cast for "The Playboy of the Western World" has been announced by the McGill English Department, and includes players familiar to Montreal audiences as well as some newcomers to the local theatrical scene.

Set on the wild coast of County Mayo, in the "Western World" of Ireland, "The Playboy" tells of the adventures of the unforgettable Christie Mahon, played by Roger Bureau. Christie is a quiet and retiring lad who, in an unthinking moment, attempted to murder his father and then fled to the west. Here he was received as a hero, sought after by the lasses, and carried away by delusions of glory, he became the 'playboy' of the "Western World" full of "poet's talking" and "bravery of heart".

Roger Bureau, who takes the title role, is a newcomer to Montreal. Born in Belgium and educated in England, he entered the first year of Commerce at McGill last fall. Previous to his arrival in Montreal, Mr. Bureau was an Assistant Director with the Film Producers' Guild in England.

Pegeen Mike, the spirited lass who sets her cap for Christie will be played by Ann Golden, last seen in Montreal as the Princess in "My Fur Lady". Miss Golden, a fourth year Music student at McGill, sang a featured role in last season's production of "Dido and Aeneas".

"The Playboy of the Western World" will be presented in Moyse Hall on March 6, 7, and 8. Tickets for reserved seats ($1.50) are available from the Central Box Office in the Union.

LECTURE NOTICE

The Senate of McGill University has not authorized any "suspension" of lectures on Thursday, March 6th, 1958. All lectures and laboratory periods are scheduled to take place as usual.

C. M. McDougall
Secretary of Senate.

Editorials

Loud Detractors — Silent Supporters

On the front page of today's Daily is a terse note from the Secretary of Senate indicating that, as far as the University is concerned, lectures and labs will go on as usual on Thursday. This was to be expected. The University Administration could not be expected to say anything else; their function as administrators demands that they assert the non-involvement of the University with the suspension of lectures. It should not be otherwise, and this declaration of the Senate is to our advantage; we wish the public to realize that this is entirely a student affair and that we are making a sacrifice — however small — by not attending our classes. That the University should mix out, that it should carry on on Thursday as if it were a normal day, is right and proper.

The point is that this whole affair is our baby; it was conceived, planned, and carried out by students. It is such a novel idea that some students are not prepared to accept it; the idea of independent student action is strange to them, and they cannot quickly adapt to the novelty. They are not alone; we have been criticized by a number of people as widely different as the harried Rector of the U. of M. and the Editor of "Midnight". Yet we know that there are very many people who though not in positions to make their feelings on this matter publicly known are nonetheless very favourably disposed to the student protest. And while the English press in this city has been abnormally restrained in covering the action, French-Canadian papers have given wide and sympathetic treatment of the student case. There is no reason for a feeling of futility in this matter; our action will be discussed by many people, and already has been, and the result of this discussion can only rebound to our benefit. The public imagination is a difficult thing to capture, even a small bit of it is an elusive thing, yet people in influential positions who are concerned with education will be provoked to question Mr. Duplessis' educational policies in a way not done before.

If some newspapers seem to be against us, it is good to remember that 85% of American papers were anti-Roosevelt and he was one of America's most popular Presidents. If we believe in just situations achieved justly then we must act in a unified way. Because we have no power paradoxically we have much, and we must use it.

WOMEN'S UNION PRESIDENT

Judy Darling

It is my opinion that Women's Union is an organization whose main responsibility is to cater to the interests and needs of the individual woman student.

Little improvement is possible over Denise Benzacar's excellent work but as a platform my aims are: Better co-ordination of dates with the S.E.C.; to look into the possibility of the enlargement of the Book Exchange in order to make lower-price books available to all the men and women students; and to set up a public relations committee to further the publicity and promotion of the various activities offered by Women's Union.

In closing, if elected, I will try my best to help the women at McGill feel that the Women's Union activities are for their benefit and enjoyment.

Pen Sketch

Judy, a warm-hearted and sparkling personality, has displayed her excellent qualifications for the position of President of the Women's Union in the following capacities:

1) Secretary Women's Union '57-58.
2) Red Wing, '56-58.
3) Co-Chairman, Women's Union Fair '57.
4) Chairman, Women's Interfraternity Debating '57-58.
5) Outer executive Winter Carnival, '57.
6) Executive Blood Clinic, '57.
7) Freshette Reception, '56-57.

(*Continued on page 4*)

Helen Kydd

If elected I propose:

A. FINANCE:

1. Increased revenues through extension of the Book Exchange facilities to men students.

2. Provision of funds for continuation of the Women's Union Scholarship through a "Gala Day".

B. ADMINISTRATION:

1. Closer co-operation with SEC while preserving the independence of the Women's Union.

2 Publication and distribution of a complete history and detailed report of the Women's Union.

3. A centralized system; increased use of activity cards to form committees.

C. ACTIVITIES:

1. Continuation of Underprivileged Children's Day; Fashion Show, Year Dinners, etc.

2 Expansion and regular publication of the "Bulletin".

Helen Kydd

Pen Sketch

A major executive position in student administration requires definite qualifications – experience, leadership, and initiative. Helen is on the Inner Executive of the Women's Union, and is familiar with its problems. Her personal qualifications of efficiency, intelligence and sincerity are substantiated by her activities:

Women's Union Executive
Women's Editor and SEC Reporter, McGill Daily.

S.A.C. CHAIRMAN

Peter Baird

Feeling that the availability of an effective athletic programme is a vital element in university life, I will:

1) Encourage more co-operation between the Winter Carnival and the existing organizations under the Athletics Department.

2) Work for night football and any changes that will improve attendance.

3) Press for final acceptance by the University of the S.A.C.'s proposal of free attendance at football and hockey games with the loss in revenue being appropriated from the athletics fees.

In my opinion, the present student participation in the athletics programme is excellent. I will endeavour to insure this programme will continue to meet the requirements of the student body.

Peter Baird

Pen Sketch

Since entering McGill, Pete's activities have included:

1) Scarlet Key, 1958.
2) Co-Chairman — S.A.C. Publicity Committee 1957-58.
3) Associate Editor — 1958 McGill Handbook.
4) Vice-President — The Mechanical Club 1957-58.
5) Chairman — Athletics Preview 1957.
6) Assistant-Chairman — Plumbers' Ball 1958.

Viewing his experience in campus activities, we feel Peter Baird is the right man for the job. As Co-Chairman of the S.A.C. Publicity Committee, Pete has acquired a thorough working knowledge of the S.A.C.'s organization and responsibilities. Therefore, without any hesitation, we stand behind Peter Baird.

David Millman

I shall not try to impress you by listing impossible promises which I could have little hope of carrying out.

Rather, I would like to assure you that, if I am elected, I will try to represent the students' point of view to the Athletics Board as best I can.

There are certain things which can be done to improve our athletics programme at McGill. Thus I would work towards:

1) Trying more novelty and publicity to increase attendance at intercollegiate events, and 'school spirit' in general.

2) Having at least one trial of twilight football.

3) Ensuring that more publicity is given to intramural activities.

4) Having the SAC gain a measure of autonomy.

Dave Millman

Pen Sketch

Dave has gained invaluable experience and proven his ability in the following positions:

1) Scarlet Key 1957-58.
2) Athletic Representative, Arts & Science, 1957-58.
3) Publicity Chairman, Students' Intramural Recreational Council (SIRC), 1957-58.
4) Sports Desk Editor, Daily, 1955-58.
5) President of the Pre-Medical Society, 1957-58.
6) French Radio Publicity, Winter Carnival, 1958.

Dave has also found time to play intramural football, basketball, and floor hockey.

We the undersigned, are confident that Dave Millman is the right man for this position.

STUDENTS' UNION PRESIDENT

Nick Asimakopulos

Basically, the Union President is concerned with two responsible positions. Namely, administrator of the Union building and activities and secondly, Vice- President of the Students' Society.

I can only promise, if elected, to effect the following programme:

1) To strive for the construction of a new Union.

2) If this task cannot be readily completed, to carry out extensive repairs and renewals.

3) Continue the policy of offering facilities rather than sponsoring activities.

4) Provide effective coordination of rooms, thus reducing duplication of activities.

5) Clarify the position of the Women's Union with respect to the Students' Union.

Nick Asimakopulos

Pen Sketch

Nick Asimakopulos' character and ability lead us to support him for election to the position of Union President.

1) Finance Director of the Students' Society.

2) Member of the Union Board of Managers.

3) McGill representative to the Association of College Unions' Conference.

4) Recruiting and Interviewing Officer for the University Naval Training Divisions.

M.W.S.A.A. PRESIDENT

Jill Kilgour

Little improvement could be made after the fine job that Judy Rochester has done this year. However, with the newly developed plan within the MWSAA, as a platform my aims would include:

Increasing the interest and participation in the intramural program emphasizing the intramural instead of intercollegiate.

Concentrating on publicity and promotion.

Striving for close cooperation between the MWSAA and the Daily.

Incorporating a recreational program in R.V.C. for those in residence.

I would strive to uphold these and all the aims of the MWSAA.

Pen Sketch

Jill came to McGill this year from Winnipeg where in 1955 she was Sports Captain of Balmoral Hall School.

In 1956, at the University of Manitoba, she played Intercollegiate Basketball.

In 1957, President of Woman's Athletics (Science) and Assistant Manager of the Intercollegiate Basketball Team, Jill was on the Women's Athletics Council, the Intercollegiate Sports Council, the Science Student Council. She participated in many intramural activities including cheerleading during the two years.

This year, a member of the Intramural Sports Committee and the Carnival Revue Committee, Jill is playing Intercity and Intercollegiate Basketball (Assistant Manager). She participated in the Water Show, intramural sports, the Fashion Show.

We feel that Jill is best qualified for the position.

Stop ... before voting, consider your responsibility to the women of McGill. You must select the candidate most capable of sincere representation of your athletic interests, able co-ordination of your sports program and wise leadership of the M.W.S.A.A.

1) Through short monthly bulletins, the student body will be kept abreast of athletic activities and related events.

2) Your MWSAA will have increased recognition by city and district newspapers.

3) I also feel that a closer alliance should exist between the M.W.S.A.A. and the women's union. With this cooperation, splash parties, skating parties and general get-togethers could be arranged within each faculty.

Diane Matheson

Pen Sketch

Diane is 19 and a Montrealer. She attended West Hill High School — was president of her class — captained the basketball and volleyball teams and found time to graduate with honours.

Since entering Phys. Ed. at McGill, she has held a Majorette Assignment with the Als for two seasons and completed one summer towards a Queen's Commission in the R.C.A.F. (URTP).

While an active participant in many sports, swimming and volleyball remain her favourites. As intramural volleyball representative last year and active with the water show, Diane has still found time to lend her abilities to the last two successful Red and White Revues.

Nadia Pavlychenko

This year Judy Rochester and her subsidiary committee have just completed a structural and functional reorganization of the M.W.S.A.A.

I believe this newly proposed system increases the scope of the Association and offers McGill Women the opportunity to participate in

(i) Competitive Sports
(ii) Organizational Work, and
(iii) Recreational Activities

on a much higher scale with greater efficiency.

Based on my experience with the Women's Athletic Board this year, as President of the Women's Athletic Association I would co-ordinate and apply these recommended and necessary changes outlined for next year's council.

Nadia Pavlychenko

Pen Sketch

We believe that Nadia Pavlychenko has the personal qualities and athletic and executive experience necessary for the position of President of the M.W.S.A.A.

Her enthusiastic interest in sports is evident in her participation in intercollegiate basketball and archery, intramural sports, and cheerleading of which she is captain and acting manager. She is basketball representative on the M.W.S.A.A. Council and Vice President of the Physical Education Undergraduate Society.

Ann McNally

The constitution of the MWSAA is being changed by a special committee appointed by the MWSAA Council. I am fortunate to have gained experience on this committee and am keenly interested in seeing these changes carried out as they were planned.

If elected I will try to familiarize everyone with the improvements. I personally feel that with proper application they will increase participation in intramural athletics and will provide closer contact for all with the central body of the MWSAA.

Ann McNally

Pen Sketch

Ann graduated from King's Hall, Compton where she was Head Prefect; entered McGill, was promptly elected MWSAA. First Year Representative, and has since been active as Intramural Representative, club Manager, and the Council's Representative to the Athletics Night Executive.

Ann has represented McGill in badminton, squash, basketball, and soccer; played tennis and volleyball intramurally, and worked on the Watershow. You've seen Ann on the football field as a cheerleaderette, too.

We know Ann would be an excellent MWSAA president. After four years, she has a thorough understanding of all phases of the MWSAA and her past record shows that she is deeply interested in and willing to donate her time and leadership to Women's Athletics at McGill.
